

# Piatto doccia in BIOTEC

Istruzioni valide per installazione piatto doccia abbinato ai prodotto Aqualight e Aquasteel;  
con questi abbinamenti il piatto doccia **NON PUÓ** essere incassato sotto le piastrelle.

## istruzioni di montaggio

### AVVERTENZE

- Il prodotto, per il riconoscimento della garanzia, deve essere installato rispettando le presenti istruzioni. Occorre rispettare le istruzioni di montaggio, compresi gli utensili, i materiali consigliati e gli accessori forniti in dotazione.
- Il pavimento, dove verrà installato il piatto doccia, deve essere perfettamente livellato.
- Per siliconare il piatto doccia (vedere pagina 11) usare solo silicone non acetico.
- Durante l'installazione del piatto doccia proteggerlo con un foglio di pluriball o di cartone.
- Le dimensioni (tolleranze) sono conformi alla prEN249.

**PULIZIA**

- Dopo l'uso risciacquare con acqua corrente. I residui dei prodotti per la pulizia personale, sapone, shampoo, dociaschiama, ect) possono causare danni; sciacquare abbondantemente.
- Per la pulizia del piatto doccia utilizzare normali prodotti generici, prestando attenzione a quelli che hanno una colorazione; in questo caso sciacquare abbondantemente.
- Asciugare il piatto doccia con una pelle di daino.

- **Non utilizzare prodotti o detergenti abrasivi, alcool, sostanze a base alcolica, acetone o altri solventi.**
- **Se la superficie del piatto doccia è intaccata, l'uso di prodotti di pulizia non idonei provoca un peggioramento.**
